

economy, and with the federal deficit as high as it is, the House and Senate must keep looking for ways to tighten our belts. During the last Congress, under the leadership of Speaker PELOSI, we voted to freeze the salaries of Members of Congress in 2010 and again for 2011. The resolution before the House today would save an additional \$35 million.

While this resolution saves \$35 million, the Republican leadership will be bringing a health care reform repeal bill to the Floor next week that will blow a one trillion dollar hole in the budget. Not only would the Republican repeal bill turn back the clock on the significant reforms and consumer protections and jeopardize health care for millions of Americans, their repeal bill would also add \$230 billion to the deficit over the next 10 years, and a jaw-dropping \$1 trillion of red ink over 20 years. These are not my figures, but those of the non-partisan Congressional Budget Office.

In a word, if cutting \$35 million from Congress' budget is a step in the right direction towards reducing the deficit, adding \$1 trillion to the deficit by repealing health care reform takes us about 28,570 steps in the wrong direction.

I urge support for the resolution before the House today and strong opposition to the Republican health care repeal bill next week.

Mr. DANIEL E. LUNGREN of California. Mr. Speaker, I urge all Members to support this resolution. Let's make it a bipartisan effort. Let's show that we have the commitment of the membership here towards responding to the reality of our times.

I yield back the balance of my time. The SPEAKER pro tempore (Mr. THORNBERRY). The question is on the motion offered by the gentleman from California (Mr. DANIEL E. LUNGREN) that the House suspend the rules and agree to the resolution, H. Res. 22.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the ayes have it.

Mr. DANIEL E. LUNGREN of California. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The vote was taken by electronic device, and there were—yeas 408, nays 13, not voting 11, as follows:
